

Senior product designer who designs and codes using AI-assisted workflows to take complex, ambiguous problems from concept to product.

Experience

Senior Product Designer Cloudflare November 2024 - May 2026

- Implemented AI enhanced design workflows with new design tools and AI coded in-product prototypes.
- Partnered with two AI tiger-teams to define new AI-assisted workflows and implement a design system in product.
- Designed a sprint process later adopted across multiple teams, sustaining a 10+ person team's cadence for 2+ years.
- Surfaced 5+ cross-organization experiences in an overview, creating up to a 75% conversion rate.

Product Designer Cloudflare April 2020 - November 2024

- Designed and launched 10+ products across 5 product areas.
- Experienced with advanced cloud topics such as serverless computing, edge security, and app performance.
- Onboarding partner and mentor to 4+ new designers.
- Designed and developed the Cloudflare media platform [cloudflare.tv](#).

UX Design Lead IBM Design April 2019 - April 2020

- Lead designer on two-person design team for IBM Cloud Databases.
- Oversaw and created the user experience for 13 services across 3 project teams.
- Conducted bi-weekly sprint planning and retrospective with design and project management.

UX Designer IBM Design Sept 2015 - April 2019

- Lead designer on multi-million dollar products for IBM Cloud Infrastructure.
- Owned design for complex services like Security Groups, Cloud Internet Services, and IBM Virtual Private Cloud.
- Created detailed design flows with Invision and Sketch for user testing and development.
- Planned and facilitated design thinking sessions with cross-functional stakeholders.
- Represented IBM at Think Conference and as a speaker at Big Design Conference.

Leadership

Patterns Design Bootcamp Lead x2	IBM	Jul 2018, Feb 2019
IBM Mentor at Pixel Husky	IBM	Jan 2017 - Feb 2017

Professional Events

Built and moderate a 700-person Cloudflare alumni community	Discord	2026
Designing with Accessibility in Mind	Big Design Dallas	2019
Speaker at IBM Think Conference	Think Conference	2018
Speaker at Big Design Conference	Big Design Dallas	2017

Education

Bachelor of Science in Informatics	University of Washington	Sept 2011 - June 2015
